**LakeSmart** is a free and completely voluntary program of NH LAKES to teach lakelovers like you how to live in a lake-friendly way!

LakeSmart Guides  
can walk your  
property with you  
and provide you  
with a customized  
**lake-friendly living  
plan.**

**Or, come and speak at your next lake association meeting to talk to your community about how to best restore and preserve the lake you love!**

# Dirk and Mary Landis

One of many generations of caretakers who regularly rented their lake house each summer before they purchased it in 2021.

They didn't just share the enjoyment of Silver Lake in Madison with these other families...

***They shared a vision.***

*“Everyone who stayed here took care of the property and the lake like their own. When something needed fixing, you just fixed it.”*

*- Mary Landis*

During rain storms, Dirk and Mary could see a cascade of water carrying running across their property and into their beloved Silver Lake!

***“LakeSmart made us feel supported and informed  
not attacked or talked down to!”***

**- Dirk Landis**

**Before LakeSmart... sand and rain  
washing into it seemed like a  
natural thing.**

Walkways

Gardens

Shoreline

Driveway?

A scenic view of a lake with trees in the foreground and mountains in the background. The foreground is filled with lush green foliage and several trees, including a prominent pine tree on the left. The lake is calm, reflecting the sky and the distant mountains. The sky is blue with scattered white clouds. A white text box is overlaid on the center of the image.

**When is it time to move beyond DIY?**
