**NH LAKES Announces Grappone Automotive Group as Webinar Series Sponsor!**

*“Explore Lakes with NH LAKES” will run through 2021*

Concord, N.H., March 15, 2021 – NH LAKES is pleased to announce Grappone Automotive Group as the presenting sponsor of the 2021 “Explore Lakes with NH LAKES” webinar series!

“Grappone Automotive loves New Hampshire. We love the trees, the mountains, and the lakes. We've partnered with NH LAKES for the past several years because we believe in the value they bring to one of New Hampshire's most precious natural resources,” explained Amanda Grappone Osmer, the fourth generation of her family to help own and operate Grappone Automotive. “Part of our mission is to build lifelong relationships with our community, and one of the best ways of doing that is to support groups like NH LAKES working to protect New Hampshire's special landscape and way of life. I personally appreciate the NH LAKES team and feel grateful to be able to support their work.”

The “Explore Lakes with NH LAKES” webinar series runs through 2021, offering participants a wide range of virtual learning experiences. The series focuses on the ecology of lakes and how biologists, nonprofit organizations, and lake management professionals are working together to keep them clean and healthy. And, the series highlights what individuals can do in their home, on their property, and along and on the water, to help keep lakes clean and healthy.

“Now more than ever, we all need to step up and do our part to help keep our lakes clean and healthy because they are under threat by invasive species, toxic algae, and so much more. And, we know that most people want to help keep the lake they love clean and healthy, but they might not know how,” explained Andrea LaMoreaux, NH LAKES Vice President of Programs and Operations. “With Grappone Automotive’s support of our webinar series, people can tune in from the comfort of their own home and learn about the lake they love and what they can do to help keep it clean and healthy. We’re so grateful for their ongoing support of our work.”

All “Explore Lakes with NH LAKES” webinars are FREE and open to the public, but pre-registration is required and space is limited. Visit [nhlakes.org/explore-lakes-webinars](http://nhlakes.org/explore-lakes-webinars) to learn more and sign up!

Established in 1992, the mission of NH LAKES, a statewide, member supported nonprofit organization, is to ensure that New Hampshire’s 1,000 lakes are clean and healthy, now and in the future. To achieve its mission, NH LAKES works with partners, promotes clean water policies and responsible use, and inspires the public to care for our lakes.
