**NH LAKES Continues “Explore Lakes with NH LAKES” Webinar Series in July**  
*“Enjoying Lakes While Protecting Wildlife” and “Your Summer Rx: Enjoy Clean & Healthy Lakes!”*

Concord, N.H., June 28, 2021 – Join NH LAKES for two webinars in July as part of the “Explore Lakes with NH LAKES” webinar series.

Tune in on Wednesday, July 7, for “Enjoying Lakes While Protecting Wildlife” presented by Lindsay Webb, Wildlife Educator, with the New Hampshire Fish and Game Department, and Harry Vogel, Executive Director and Senior Biologist with the Loon Preservation Committee. New Hampshire’s lakes and ponds provide us with a variety of recreational activities during the summer—they are also home to a variety of wildlife species. Attend this session and hear about how you can enjoy our lakes while helping keep wildlife safe and healthy, too.

Then, tune in on Wednesday, July 21, for “Your Summer Rx: Enjoy Clean & Healthy Lakes!” presented by Krystal Costa Balanoff, Conservation Program Manager with NH LAKES, and Erin Mastine, Outreach Program Coordinator with NH LAKES. There’s no better place to be than at one of New Hampshire’s 1,000 lakes during summer! Our lakes provide for a myriad of recreational activities and science has shown that spending time along, on, and in the lake is good for our health in so many ways. Attend this session and hear about how being at the lake is good for you and find out some simple things you can do to help keep the lake(s) you enjoy healthy, too!

These webinars are part of the “Explore Lakes with NH LAKES” webinar series sponsored by Grappone Automotive Group. These webinars are FREE, but pre-registration is required, and space is limited. Visit [nhlakes.org/explore-lakes-webinars](http://nhlakes.org/explore-lakes-webinars) to learn more and sign up!

Established in 1992, the mission of NH LAKES, a statewide, publicly supported nonprofit organization, is to ensure that New Hampshire’s 1,000 lakes are clean and healthy, now and in the future. To achieve its mission, NH LAKES works with partners, promotes clean water policies and responsible use, and inspires the public to care for our lakes. For more information, visit [nhlakes.org](http://nhlakes.org), email [info@nhlakes.org](mailto:info@nhlakes.org), or call 603.226.0299
