NH LAKES Brings on Bec Rand as Business and Development Assistant

Rand will assist with NH LAKES' commitment to building a community passionate about the health of our lakes

Concord, N.H., August 23, 2022 – NH LAKES has hired Bec Rand as the organization's Business and Development Assistant. Bec strives to work for healthy ecosystems and a safe environment for future generations.

Bec graduated in 2018 from Plymouth State University with a B.A. in Environmental Sociology. Since graduating, she joined AmeriCorps as an Energy and Community volunteer with Green Iowa.

When asked why she wanted to join the NH LAKES team she had this to say, "Since I was a kid, I've always cared about the environment, and wanted to put my life's work into something good, something that would make a difference. For me, NH LAKES is the place where I can make that impact."

The Business and Development Assistant handles essential daily business operations and assists with all aspects of the organization's programming building a statewide philanthropic community in support of its mission.

"I'm thrilled to have someone with Bec's energy, creativity, and passion for our mission join our team," explained Martha Lovejoy, NH LAKES Director of Finance and Development.

Established in 1992, the mission of NH LAKES, a statewide, publicly supported nonprofit organization, is to restore and preserve the health of New Hampshire's lakes. For more information, visit nhlakes.org, email info@nhlakes.org, or call 603.226.0299
