NH LAKES Brings on Erin Bresson as Business and Development Assistant

Bresson will assist with NH LAKES' commitment to building a community passionate about the health of our lakes

Concord, N.H., March 24, 2022 – NH LAKES has hired Erin Bresson as the organization's Business and Development Assistant. Erin brings a business mindset and compassion for people and places to NH LAKES.

Graduating in 2007 from Plymouth State University with a B.S. in Business Administration, Erin has been a part of the New Hampshire nonprofit sector since 2008. Holding jobs in higher education and financial administration, it's the mission that keeps her going. Erin has a primary background in payroll administration, but having a passion for people brought her to get certifications and licensure in manicuring and massage therapy.

Erin has also been a small business owner in Concord since 2015. When asked why she wanted to join the NH LAKES team she had this to say, "Coming on board with NH LAKES was an extension of the work I was doing in the community as a business owner." She added, "Make your heart like a lake, with a calm, still surface, and great depths of kindness. I want to share that emphasis in my position."

The Business and Development Assistant handles essential daily business operations and assists with all aspects of the organization's programming building a statewide philanthropic community in support of its mission.

"Erin brings a wonderful combination of experience, joy for her work, and passion for the health of New Hampshire's lakes," explained Martha Lovejoy, NH LAKES Director of Finance and Development. "I am so thrilled she has joined our team."

Established in 1992, the mission of NH LAKES, a statewide, publicly supported nonprofit organization, is to ensure that New Hampshire's 1,000 lakes are clean and healthy, now and in the future. For more information, visit nhlakes.org, email info@nhlakes.org, or call 603.226.0299
