The Ecology & Management of Fish in New Hampshire's Lakes
Free Webinar Offered by NH LAKES

Concord, N.H., September 1, 2020 – Join NH LAKES on Wednesday, September 2, at 7:00 p.m., for “The Ecology & Management of Fish in New Hampshire’s Lakes.” New Hampshire’s 1,000 lakes are home to a variety of fish—from the tiniest bait fish to the grandest game fish. This webinar will feature guest speaker Scott Decker, Program Supervisor of the Inland Fisheries Division with the New Hampshire Fish and Game Department.

Tune in and find out how to recognize what fish are in your favorite lake. You’ll also learn hear what the New Hampshire Fish and Game Department is doing to keep the fisheries in our lakes healthy—and how you can help! Be sure to bring your questions!

This webinar is offered as part of the “Ecology & Management of New Hampshire’s Lakes” webinar series. All these webinars are FREE, but pre-registration is required, and space is limited. Visit nhlakes.org/ecology-and-management-webinars to learn more and sign up!

Established in 1992, the mission of NH LAKES, a statewide, member supported nonprofit organization, is to ensure that New Hampshire’s 1,000 lakes are clean and healthy, now and in the future. To achieve its mission, NH LAKES works with partners, promotes clean water policies and responsible use, and inspires the public to care for our lakes. For more information, visit nhlakes.org, email info@nhlakes.org, or call 603.226.0299
